**Continuous Student Development**

**Every Student**
We treat each person as an individual so that learning is personal to each and every student.

**Artful Creativity**
We engage in the arts as learners and performers to innovate, create and inspire the human spirit, inspired by the world around us.

**The Outdoors**
We engage actively in the beauty and diversity of our natural environment to learn, stay fit, and how we impact the world around us.

**Quality Education**
We prepare people for the future with a system of high quality education that makes learning relevant and useful, delivered by caring learning professionals in a technology-rich environment.

**Connected Relationships**
We care about family, our communities and each other. At the root of our success is our ability to develop and maintain powerful, positive relationships.

**Inclusive Diversity**
We include everyone, honor diversity, and embrace different cultures and various socio-economic realities. We seek to create equity, access, and understanding in all we do.

Our quest is to make education as personal as learning is to each and every student.
