Class Prophecy

Your news reporter has been renting around for the past month in all the history he could find of what has happened to the class of '42. He had given it up as a lost class when he finally discovered something that is weird, strange, and hard to believe. Yet it is the truth. Well, to get on with the gory details, here it is. The day after school was out those money making Seniors got together and decided they had worked so hard the last year in school that they pooled their money and bought them a second-hand yacht and launched it in Puget Sound and all nineteen set out for ports unknown. After many days of traveling, they finally came to rest on a little island called Tangatabou, one of the Eastern Fiji Islands. A few natives inhabited the islands but there seemed to be no established government, so our efficient seniors set one up. They were engaged in everything but work.

Of course we all remember Delbert Betz. Before he left it seemed he was heart and soul in love, but he left his lady love and is now married to a beautiful islander.

Just as soon as Betty Bergren landed on the island she contracted a terrible case of brain fever, and she is still batty. All she does is sit around on the beach and weave baskets.

Well, just as soon as Ray Miller set his big foot on this beautiful island he said, and I quote him, "This is the place where I will make my fortune." He is the only one who wanted to work, so to keep peace, that is what he is doing. He has the only store or place of business. As much as those beautiful Fiji Island women sit on his counter and try to lure him away, it seems to be impossible, but, of course, what happens after the store is closed is a complete mystery.

If you happen to stroll down on the beach you will find a blond girl draped in a grass skirt and flowers doing the hula hula. But who is this lovely girl? Why, it is none other than Helen Hauff. Lolling on the sand beside this dancer is Bernice Werner. Bernice happens to be the best guitar player on the island.

Flash! The island's Romeo is Bobby Foster. He not only knows six new dance steps but knows how to pitch woo in nine different languages.

You remember that tall, gorgeous creature, Walter Craig? Well, he has turned out for the best. He lost all interest in women and set out to be a second Einstein. He is at last finding the fourth dimension with a different theory.
Class Prophecy

Of course you all remember Richard Moltke, and you know what a talented person he was in dramatics. He just couldn't get over the idea of being a second Clark Gable so at present he is giving plays every three weeks which are total flops.

The president of this thriving little island is Glenn Simpson, but he leaves the running of the island to those two crooked politicians, Arnold Larson and Max Fackler. Max married Ileana Potter, and she is a huge success as his wife. Arnold Larson made the fatal mistake of marrying a beautiful woman, none other than Clementine Ellis, and she is draining him of all his money for clothes of the latest Vogue fashions.

We see Juenita Boswell being what she has always wanted to be, a criminal lawyer. She spends all her time talking juries out of sentencing criminals.

Dorothy Nicholson is the editor of the "Tangatabou Gazette," the only paper on the island, but due to the shortage of paper because of the war, she goes about the island crying the news. (One day late.)

When Beatrice got to this island she was determined to find her dream man and she did, a native. This happy little family is noted for having the largest family on the island consisting of eighteen children.

Peggy wouldn't go unless they took Reuben, because she was afraid there wouldn't be anyone to go steady with when she got there.

Daisy Moody decided to get off the boat at California, and to the best of my knowledge, she is running a dancing school at present.

The boat was stopped in the middle of the Pacific by an American destroyer, and Mary Vaughn went to Japan with the Marines. She certainly did her bit to assure victory for the Allies.

Margie Darlington joined the navy, and she is one of the nation's important radio operators.

By this time this island may be blown off the map due to the war.
Class Will

We, the Senior Class of 1942, being of sound mind and disposition do make, publish and declare this to be our last will and testament. We do hereby revoke any will or wills made by us heretofore.

Delbert Betz leaves his charming smile and pleasing disposition to the Sophomore girls.

Betty Bergren, better known as "John," leaves her way with the Cashmere boys to Carol Young.

Ray Miller leaves his school spirit to Eddie Clarke.

Helen Hauff leaves part of her pep to next year's Pep Club President and the rest of it to next year's basketball team.

Bernice Werner leaves next year's annual to whomever has courage enough to undertake the job.

Bobby Foster leaves his ability to box and to play basketball to Ralph Spies. Bobby will leave his Wenatchee girls to Red Price—after he has gone, of course.

Walter Craig leaves his ability to play center in basketball to Ramie Gross. He has not named anyone as beneficiary of his ability as an "A" student.

Richard Moltke leaves his winning smile to Lloyd Larson and his singing ability to Wayne Manning so Wayne can sing duets with Betty Pilgrim.

Glenn Simpson leaves his scholarship, his dramatic ability, and his night life to Bob Green.

Arnold Larson leaves his ability to skip school and get expelled to Clifton Webb.

Max Feckler leaves his gold mine to anyone who can find gold there.

Ileana Potter leaves her beautiful eyes to some lucky underclassman.
Class Will

Clementine Ells leaves her ability to lead yells to next year's yell queen.

Juanita Boswell leaves the color of her hair to Betty Pilgrim and hopes Red will enjoy it.

Beatrice Werner leaves all her stenographic ability to next year's office girl. She also leaves a two-bit fountain pen to anyone who wants it.

Peggy Foster leaves the bookkeeping books to anyone who thinks they can balance them. After borrowing money from everyone in the school to try to balance them she finally gave it up as a lost hope.

Mary Vaughn leaves her neat appearance to the Sophomore boys.

Margie Darlington leaves her captivating smile and mischievous eyes to Angeline Smith.
Class of 1943

This year's Junior class has been very active in school affairs. Their most important project was the Senior Ball which was a huge success. They are very proud of the fact that this ball made a larger profit than ever before in the history of the high school.

Some of the Juniors got very attractive rings and some more are to get theirs next fall.

The class officers are: President, Lloyd Larson; Vice-President, Frances Jack; Secretary, Marion Evans; Treasurer, Eddie Clark; and Social Chairman, Ione Sauer.

Class of 1944

The Sophomore class has been outstanding all year. Besides having a large percentage of honor roll students, they also have several talented artists who play a big part in the success of the Hi-Log and Lomoa staff. They also helped considerably with the Senior Ball decorations.

The boys in the class have displayed grand school spirit, adding a lot to all school activities. John Bruce Smith has proved a capable class president and has determinedly stood up for "class rights." Other officers are: Vice President, George McCoy; Secretary, Ruthie Evans; Treasurer, Ida Grace Stephen; Social Chairman, Arlene Manning; and Adviser, Mrs. Ford.

Class of 1945

This year's Freshman class has been very active in all student body affairs. The boys have been turning out almost one hundred per cent for sports. This class also proved its cooperative spirit scholastically, several of its members having made the honor roll. In order to raise its student body quota they sponsored the movie, "Peck's Bad Boy."

One of the Freshmen, Bette Jo, played a leading role in "June Moon." The class is off to a good start and everyone looks for its growing success.

They are left to right: Back row—Mr. Richardson, Adviser; Vernia Smith, Leella Russell, Angeline Smith, Betty Jean Campbell, Naomi Beckel, Beverly France, Norma Couch, Adeline Hauff, Marvin Foster. Lettermen's Club

The only boy who was privileged to become a new Letterman this year was Richard Moltke. Those who were already members are: Bob Foster, President; Walter Craig, and Lenard Smith.

Although the Lettermen's Club is small, we are proud of those few boys who are envied by all the other boys until they, too, are Letterman of Peshastin High School.

Yell Leaders

"Let's give three cheers for Daisy, Clemy, and Juanita." These peppy girls have been cheering us on to victory through football and basketball seasons. They have promoted many new yells and have worked hard to instill enthusiasm in the team and in the spectators. Twirling in their lovely, maroon and white outfits they have added color and pep to all of our athletic events. Through "thick and thin," they have never let the school down. For this, we, the students, are grateful.

Pep Club

The Pep Club has loyally supported school activities and community activities. They stand for scholarship, sportsmanship, and service. This year the club became a member of the Red Cross, they helped to entertain groups of the boys in the army, and they have worked to establish good will between our school and neighboring schools. The Pep Club is an enthusiastic and worthy organization.

This year's officers were: President, Helen Hauff; Vice President, Ione Sauer; Secretary, Betty Bergren; Treasurer, Carol Young; and Social Chairman, Frances Jack.

"June Mad"

"June Mad," the all-school play, was presented November 28.
The story concerned Penny Wood, played by Dorothy Nicholson, and
Chuck Harris, the boy next door, played by Johnny Smith, as they go
about the frequently difficult but always amusing business of growing up.
When Penny’s Uncle Mervin, Glenn Simpson, only five years older than
she, brings Roger Van Vleck (Richard Molitke), a senior and a killer diller,
home from college, she forgets to be a man-hater and succumbs to an
attack of calf love which is ten degrees worse than measles. In her efforts
to make herself attractive to fascinating Roger, she almost disrupts two
families, but the discovery that Roger is double crossing Mervin by trying
to steal his girl Julie Harris (Frances Jack) brings her back to normal.
Other leads were taken by Betty Jo Werner, Carol Young and Helen
Hauff. Dorothy Jeske, Wayne Molitke, Arnold Larson, Lloyd Larson and
Eugene Schillereff completed the cast.

"Almost Summer"

The Junior-Senior play "Almost Summer," presented May 22 con-
cerned those famous characters, the Joneses who are having their difficul-
ties as usual. There was the always-stern Pop Jones; Mom, who can usu-
ally be talked around; the sister, Mary, who has her troubles with Jack;
Paul’s side-kick; the maid who is skeptical of the joys of life at the lakes;
lovely Jane, source of Paul’s heartache; Junior, the ex-woman hater; and
Junior’s secret girl friend, Lilah.
The cast included Eddie Clark as Junior; Betty Bargren characterizing
Lilah Johnson; Lloyd Larson as Pop Jones; Juanita Boswell and Larry
Dempsey as Mary and Paul Jones; Beatrix Werner as Mrs. Jones; Ray
Miller as Jack; Ione Sauer as Jane, Walter Craig as Mr. Smudgedly, and
Ilane Potter as Anna, the maid.
This cast included many who were new to the stage. While no one
part could be called a lead, each character in the cast was an effective
one.

Music

Our music groups this year have been larger and better than before
due to the interest of the students and the efforts of Mr. Daily.
The Girls’ Chorus sang at "June Mad" and the P.T.A. Christmas
program. The Boys’ Chorus performed at the Christmas program, the
Congregational Church, Open House, and made their radio debut at the
American Legion’s George Washington program over KPQ. The Girls’
Sextette sang for programs at the first of the year but discontinued when
the Mixed Chorus was formed. The Mixed Chorus sang at P.T. A. and
for the Rainbow Assembly at Leavenworth. They will also sing for "Almost
Summer." The music groups will furnish music also for baccalaureate and
commencement. The featured star of the groups was Richard Molitke. He
delighted many audiences throughout the Valley with his excellent solos.
Another feature was the duet made up of Richard and Betty Pilgrim. Juanita Boswell was our accompanist at all the public appearances.

After the Christmas Holidays the work started on the Lomoa with Bernice Werner as Editor, and Tommy Darlington working as Assistant Editor. Right along with them were the Staff Editors, namely: Business, Richard Moltke; Art, Jackie Bowen; Literary, Betty Bergren and Carol Young; Senior Editor, Juette Boswell; Sports, Johnny Bruce Smith; Make-up, Bea Werner; Snapshot photographer, Wayne Moltke; Snapshots, Daisy Moody; and Music, Arlene Manning.

Mr. Daily of the faculty is our adviser.

Quill and Scroll

Since '38 when Quill & Scroll was introduced in our school, new members have been added each year. The members did a great deal on last year's Hi-Log—submitting at least one article or some other contribution to each issue of that year when they were initiated. Proud of being members in the chapter of one of the United States' smallest schools having a Quill & Scroll chapter, more students are urged to strive to become members.

They greatly enjoyed attending the initiation of Leavenworth's chapter last winter where Mrs. L. O. Anderson of Chelan gave a very inspiring talk. Also the social time and other parties held by them throughout the year were enjoyed.

The members are: Richard Moltke, President; Dorothy Nicholson, Vice President; Bernice Werner, Secretary; Beatrice Werner, Treasurer; and Miss Mary Trevitt, Adviser.

Hi-Log

This past year marks the tenth year of publication of our school paper, the Hi-Log. Year by year it has been the aim of the Hi-Log to uphold the high standards set in previous years and to make improvements wherever possible. This year the staff felt it necessary to reduce the number of pages because of the paper shortage due to the war emergency. The Hi-Log includes town news, school happenings, features, want ads, and attractive commercial ads, and we believe that it is of interest to the entire community.

Heading the staff were Dorothy Nicholson as Editor; Carol Young, Assistant Editor, and Arnold Larson, Business Manager. Miss Mary Trevitt was the very helpful adviser.

Football

This year under the able leadership of Captain Rich Moltke, the Peshestin Loggers had a very successful football season. Throughout the season nine games were played. All conference games were won by wide margins making the Loggers county champions this season as they were in the 1940 season. Next year promises to be just as successful for only two player were put out of the lineup by graduation. They are the versatile star and captain of our team, Richard Moltke, and Max Packler, our star center. Len Richardson coached the team.

Basketball

While we didn’t pile up the scores this year in basketball, we may justly consider that we had a successful season. We feel that a foundation was laid for a championship team for several years to come.

A team of almost entirely inexperienced players began the season and met all comers with determination and spunk. They profited by each experience and finished the season a scrapping machine. Coach Richardson wisely gave everyone opportunities to gain experience in actual battle and that is the way to build champions.

School spirit ran high and was no small factor in helping to build our basketball team.

Track

We are looking forward to a successful track season this year. Lenard Smith, our outstanding sprinter who went to the state meet last year, is back and doing very well. Showing considerable promise also are: Richard Moltke, pole vault; Red Price, discus, shot put; Wayne Moltke, discus; Junior Craig, shot put; Ray Gross, shot put.

Every year on campus day the boys work all day hauling dirt and shoveling and raking, getting the track in A-1 condition.
