Class Will

We, the class of 1951, being of sound mind, memory, and comprehension, feel that we should leave something to our school, teachers, and schoolmates that will relieve their loneliness for us when we have departed. We do thusly bequeath our few precious articles:

We the class of "51" wish to will our ability to make a million dollar profit on the candy and ice cream sales, to the class of "52".

To the class of "53" we wish to leave the ability to never get the urge to skip school and get unexcused absences.

And last but not least we leave to the class of "54" the ability to be mighty Seniors in the future.

To our school board we leave the unforgettable memories of the class of "51" to remain with them forever.

To Mr. Halbert, our class advisor, we leave the hope that he'll never have another class like that of "51".

To Mr. Lever, our principal, we leave the hope that he will find someone with a strong arm to ring the study hall bell for him.

To Miss Treffinger, our English teacher, we leave the thought that she has taught us all the greater appreciation of English and the better works of Literature.

To Mr. Kimm, we leave a few extra numbers in hopes that he will sometime make a mistake in Algebra.

We leave to Mr. Swimme, the hope that he will find a few muscle men in the classes to follow.

To Mrs. Evans we leave the hope that Home Ec. next year will be better able to learn the knowledge of cooking and sewing.

To Jake Schadler, the janitor, we leave the note-filled waste paper baskets. To Dryden High School we leave those ghost of memories to float up and down the halls as a constant reminder of the Class of "51".

I, Donna Egbert, leave my ability to go steady to Ginger Jellison.

I, Kay Brewer, leave my ability to graduate in 3 years to Jim Mayfield.

I, Shirlie Small, would like to will my driving ability to any one who can stand it.

I, Janet Davidson, will my ability to stay single to Deryl Bland.

I, Nola Davis, will my ability to get tardy slips to Leona Ouellette.

I, Geri Goodwin, will my "49" Ford to all the Ford loving people.

I, Yvonne Dameron, will my book-worm knowledge to Vernon Gurnard. May he make good use of it.

I, Dick Evans, will my speedy gift of gab to Carol Cosand.

I, Donna Fischer, will my long hair to Vivian Fox.

I, Sherel Miller, will my ability to "get by" to Joe Gurnard.

I, Gordon James, will my "Hollywood Haircut" to Delano Goehner.

I, Morey Wilkens, will my way to making mad-love to Donnie Riemann.

I, Ralph Dormiaier, leave my "farming technique" to Earl Tilly.

I, Jack Gross, will my melancholy voice to Gus Riemann.

I, Florella Weedsman, will my blushing ways to Shirley Peterson.

I, Sharon Nieman, will my ability to be married to Helen Angel.

I, Sharon Hurt, leave my ability to be engaged to Joan Keller.

I, Bob Reiber, will my ability to race with trains to Mr. Lever. May he make good use of it.
Class Prophecy

It is the year 1975 and in the city of Seattle where we see a tall, skinny man sitting in an arm chair in his home. This man is Mr. Halbert and he is wondering what happened to the Dryden High School Class of 1951. Shall we hop aboard a flyer and see?

After a short while of flying, our pilot brings the plane to a stop in Alaska. We see a prospector with a long beard. Upon taking a second look we find that it is Gordon James. He is prospecting for gold and says that he has struck it rich.

From Alaska we travel to Wenatchee and see General Byron Houggard and his wife, the former Kay Brewer. Kay is bringing Byron's slippers to him.

While we are in Wenatchee, we also visit the Ray Barnhart residence and we find Mrs. Barnhart, the former Geri Goodwin fixing dinner for her big executive husband. Geri says she certainly is glad that Ray likes peanut butter sandwiches.

Our next stop is in Cashmere, Washington where we find Sharon Nieman scolding Tommy Junior for trying to smoke his daddy's pipe. Sharon says he is just like Tommy Sr.

From Cashmere, we again journey to Wenatchee to the fabulous Rau's Restaurant. Mrs. Eddie Adam, who is the former Shanon Hurt, has taken over the management and has employed Eddie as head-dishwasher.

We walk a little ways up the road and we see the former Dustyburger hamburger stand. It has just been sold to Mr. Willy Fox and his wife, the former Donna Egbert. They are going to sell Willyburgers instead of Dustyburgers.

Our pilot now brings us back to Cashmere where we see Mrs. Lloyd Fischer, the former Donna Parker. She is preparing breakfast for "Lloydie" and trying to get the twins ready for school at the same time. She says it's a wonderful life.

Now we hop aboard our plane and fly to the big bend wheat country. Here we see millionaire, Jack Gross, farming on his huge wheat ranch. He says he is content to make money and raise a family.

We now travel to Hollywood and see Sherel Miller taking the place of Gregory Peck. He dyed his hair and finally got that mustache to grow.

From Hollywood we fly upstate to the army camp, Camp Cooke. Here we find Mrs. Harold Hensley, the former Nola Davis, doing pantomimes for the soldiers.

Next we travel to the Indianapolis Speedway where we see speedking, Richard Evans, who has just won the famous "Indianapolis 500" in his little green Ford, "The Throbbing Monster." Congratulations, Dick.

Upon leaving Indianapolis, we fly over the Pacific Ocean and see Janet Davidson who is taking a slow boat to Japan. She says she is on vacation but we think she is looking for a certain service man. Texas is in the other direction.

Next we hop down to Kentucky and find the rich Mrs. Glenn Martin, the former Florella Weedman. She and Glenn have won the grand sweepstakes of the horse races and are now living in luxury.

Now as we circle over the famous Wall Street, we see Bob Reiber, a wealthy Wall Street broker. His ambition used to be to get rich and so he did, but Wall street broke him.

Our next stop is Metropolitan Opera House in New York. We find Shirlie Small, who has taken the place of Lily Pons. Shirlie says she is certainly glad she took voice lessons.

From the "Met", we walk to the office of the New York Times and find Maurice Wilken, star reporter. He has just broken the latest national scandal, however, we cannot disclose any information at this time.

We now travel to Madison Square Garden and visit Rudy Dormair, the knock-out king, in his 15th round with Joe Palooka. Looks as though Rudy will be the new champion.

Our last stop is Dr. Einstein's famous scientific laboratory. Here we find the Doctor's assistant, Yvonne Dameron. We hear a big explosion but Yvonne tells us not to worry. She says it is a new hydrogen bomb which she has invented to blow us to the land where all these prophecies will come true.
With Miss Browdiak as our Freshman advisor, we innocently entered high school where we were put at the mercy of the sophomores for the Freshman Initiation.

Our activities for the year included a spring "Cotton and Cords" dance held on April 29, a convocation in May, and as a climax to a successful year, the annual class picnic was enjoyed by all of us.

As our contribution to the improvement of D. H. S., we unanimously voted to present the Football Fund with a check for $40.00; the amount required to clothe one player, in hopes that it would in a small way help to realize the dreams of the Physical Education Department to have football in the future.

At the beginning of our sophomore year, we had the traditional Freshman Initiation, after which we served the student body pop and cookies.

We had some of the Frosh dressed as comic characters, Donnie Reiman represented Denny Dimple, Shirley Peterson a hula dancer, and Harold Reiman was Tarzan.

Two members of the sophomore class, Janice Smith and Earl Tilly, took part in the Junior Play, "Here Comes Charlie".

A busy year was '50-'51 for the Juniors who, under the supervision of our advisor, Miss Treffinger, sponsored the first dance of the year, the Junior Barn Dance, shortly after the opening of school.

The selection of class rings caused quite a fervor throughout the school. Very modernistic designs were chosen.

During November the class worked to produce the all school play, "Here Comes The Prince", sponsored by the Juniors.

In April, the plans for the annual Jr.-Sr. Banquet took the center of the stage.

As a climax to a memorable year, the annual class picnic was enjoyed by all, thus ending another year of fun and frolic for the Junior Class of '52.
Back Row: L to R, Mr. Swimme, Erlan Miller, Joseph Gurnard, Don Reiman, Front Row: Virginia Jellison, Deryl Bland, Shirley Peterson, Harold Reiman, Helen Angel.

Sophomore Class

To start our Freshman year in high school the Sophomore Class initiated us. During our Freshman year we had various coasting parties on Clunis' Hill. We had a Valentine Party at Deryl Bland's home.

When we began our Sophomore year we got revenge (ask the Freshman if it was complete) by initiating the Freshman. This year's parties weren't as successful as last years. Our Valentine Party consisted of Roller skating in Wenatchee.

To raise money for our treasury we had a dance during April.

At the end of the first semester, three of the members of the Sophomore Class left, leaving eight in the class.

The next two years promise more difficulties for the class of "53" who have become permanently established in the Halls of Learning at D. H. S.
Freshmen Class

The Class of "54" started the year off with the annual Frosh initiation. Our colorful costumes, ranging from an old tramp to a handsome hulla-hulla dancer, were worn to school. We performed antics in front of the student body and were initiated by the unmerciful sophomores in the evening.

With our advisor, Mr. Lever, we enjoyed several roller skating parties at the D & D Roller Bowl during the year.

The year was brought to a climax by the annual class picnic which was enjoyed by all.

Football

Dryden completed their second year of football with a bit more success than the previous years. The record this year was 2 wins and four losses as the previous year it was 1 win and five losses. We all know that the building up of the team takes a long time. Throughout the season good experience was gained by all of the players.

Gone from the squad will be the heavy part of the line which averaged about 180 lbs. Those who will not be back next year will be Ralph Dormaier, Bob Reiber, Dick Evans, and Jack Gross, guards and ends respectively. Those who will be back are Erlan Miller, end, and Joe Gurnard, center.

The backfield saw a good combination of passing, blocking, and tackling. Deryl Bland, quarterback and just a sophomore, could pass and tackle and was always the number one foe for the opposing team. The running and blocking was taken care of by Sherei Miller and John Mayfield who really had the opposing team on their toes throughout all the games. Sherei Miller will be the only backfield man gone from next year squad.

We all hope that next year's team will have a good season.
The Dryden Tiger’s basketball season for 1950-51 season wasn’t exactly bright, but showed good prospects for the coming teams at Dryden. Gone from the "A" Squad will be three seniors; Sherel Miller, Jack Gross, and Ralph Dormaier. Ralph Dormaier didn’t see much action toward the last of the season. Harold Reiman, a Sophomore, filled his place during his absence.

Dryden can boast of their Junior guards, Lamar Hower and Kenneth Goehner, who turned in a good display of teamwork throughout the basketball season. Both are good long shots, with Lamar H over scoring a total of 180 points to lead Dryden scorers throughout the basketball period.

Erlan Miller, 6'2" Sophomore Center, also turned in a good job during the season. His next two years look bright. He should become one of the best basketball players in the country the next two years.

Sherel Miller, a senior, had a good season at one of the forward positions on the team and will be missed greatly next year, for his smooth basketball playing.

Cecil Ouellette and Deryl Bland battled it out at the other forward position, and both saw alot of action in that position. Both turned in a good job throughout the season and will undoubtedly make the starting five next year. Ouellette is a junior, and Bland a sophomore.

John Mayfield, a junior, and Joe Gurnard, a sophomore, really showed up well toward the end of the season and should see plenty of action on the "A" Squad next year.

Baseball

Baseball began at Dryden in 1946 under Coach Frances Stine. The sport has been gaining prestige ever since. Due to the small enrollment, there is a shortage of players in baseball the same as in other sports here at Dryden. This school does very well with what they have.

With the largest team ever to take the field here, this year we hope to have a better team. Under the direction of Coach Wayne Swimme, the baseball boys will put Dryden on the map.
