Class Will

We the class of '54, being of sound mind, possessing all our faculties and before witness: do hereby make this our last will and testament.

To the class of '55 we leave the candy case and the ice cream machine and to Jim and Dennis we leave the key so that they won't have to use the screw driver.

To the class of '56 we leave the privilege of being the smallest class.

To the class of '57 we leave our sense of good judgement.

To Mr. Barronett, our advisor, we leave the quiet study hall.

To Mr. Kimm we leave a telephone in every room so he won't have to do so much running.

To Mr. Cowen we leave all typewriters in good working order.

To Miss Richards we leave our appreciation for the introduction of American Literature.

To Mr. Piper we will a winning team in the district so he will be able to go to the state tournament next year.

To Mr. Ford, we hope he gets more seniors in his band and we also hope he will find some basses to carry the bass section in the coming year.

To Mr. Magnuson we will the formula for pabulum carbonate.

I, Richard Briggle, will my ability of being manager to Bill Schacht.

I, Delano Goehner, will my tennis shoes to any one who wants them and my jersey to Leonard Weedman.

I, John Milbrath, leave the honor of being Valedictorian to Dale Bahr provided he uses it before 1970, and my basketball suit to Steve Reister.

I, George Braum, leave my ability to graduate to Hugh Merrell.

I, Carole Harkinson, leave the honor of being cheerleader for two years to Shirley Gerlack, and with this goes my name checkers in hopes she will remember her tights more often than I did, and to Kirk I will my tenor voice.

I, Ann Merrell, will my height to Mary Roach and my gaiety to Harold Richardson.

I, Carol Coand, will the nerve to pierce her own ears to Darlene Hower, and Ollie my speedy gift of gab, and to Janice my long finger nails.

I, Vivian Fox, will my ability of getting a diamond ring in my senior year to Elaine Miller, I leave the honor of cheerleader for two years to Marilyn Smith and I leave the honor of being Princess Dryden to Darlene Hower.

I, Vernon Gurnard, will to the underclassmen who will drive cars to school, a tire that will not go flat. To Melvin Heinrich, I leave my basketball suit and my 6 feet. To Dennis Nolan I will the ability to go out with one girl more than once.
Class Prophecy

This is the year 1974, and the world, day after day, is being more amazed at the marvels performed by the Dryden High School Class of 1954. So let's get into our custom built flying saucer and go see what these famous celebrities are doing.

Mr. Barronett, their former class advisor, has been wondering about these celebrities and has not had time, being too busy with his duties as Representative to the League of Planets to keep up on their activities.

Now let's get going on our trip.

We see DELANO GOEHNER, a great engineer in the Armed Forces in Siberia, developing a new type of iceless igloo. Georgia Rae, standing at the window of one of his test models, waves to us as we zoom upward.

As we pass over the Big Lake Ice Arena, we see the famous star ice-skater, CAROLEE HARKINSON, skating with her partner, VERNON GURNARD. When Vernon is not ice skating he is playing in place of Bob Houbregs, Jr., the famous U. of W. basketball star. He is wearing a medicine kit and a two-way radio connected to the Sacred Heart Hospital (in case of an emergency).

At the same hospital we see DR. JOHN ALBERT MILBRATH treating ANN MERRELL with Gonzolos-G-Gonzolos Compressed White Corpuscle Pills so that she can go back to Hollywood where she is making a picture for Cecile B. de Milne, Jr., called "Jungle Antics" in which she will do her famous Umba Ga Ga Dance with her partner, "Bomba, the Jungle Boy."

Flying over New York, we see a chartreuse Cadillac convertible, (complete with accessories) driven by the multi-millionaire, DICK BRIGGLE, heading for his New York pent house apartment. He was recently voted the "Most Eligible Bachelor in the United States"! Nice going, Dick.

We are headed south again, and looking down at Palm Beach, we see the famous poetess, CAROL COSAND, who after making more money writing poetry than she knows what to do with, has retired and is now making shell earrings.

From Palm Beach we go to Hollywood to see what's going on in the land of movie stars. One of the top hair stylists of the day is VIVIAN FOX. She and Darrell have patented several of their new solutions. Among these are pills to make hair permently red and shampoo to make hair naturally curly. As we continue on our journey, we wonder just what the secret of her success really is!

Flying up the Pacific Coast on our way home we pass over a lumber camp in Oregon. This camp, which is located at the base of Mount Hood, is operated by GEORGE BRANAM. In his spare time George is managing a basketball team composed of his lumberjacks. For the past eighteen years his team has been the Back Woods Champions. We might add that there are only two teams in the Back Woods Conference.

As we prepare to land, and get ready to report to Mr. Barronett, we discover that all these prophecies haven't come true yet, and we imagine that we will have to go a long way to the land where they will be fulfilled.

Team Standings

Although the Dryden High School Tigers lacked height and experience, they made an impressive showing with speed and hustle as the 1953-1954 basketball season progressed.

The most exciting game of the year was played with Entiat in an over-time contest in which Dryden came from behind to win with a score of 55-52. The hardest loss of the season was to Leavenworth which deprived the Tigers of a berth in the Chelan County Tournament.

The "A" squad will lose four seniors, Vernon Gurnard, Delano Goehner, John Milbrath, and George Branam, but with the help of Rueben Weedman and Jim Mayfield, two "A" squad veterans, the Tigers expect to have a successful season next year.
