Leavenworth High School

Leavenworth, Washington

Volume 33
We Dedicate
This 1964 Lecapi
to Enoch Larson

As fall breezes blew through the trees, the thoughts of all Leavenworthites turned toward the coming school year. Would the hopes for a new school be fulfilled? Would the double-shifting program work out?

The double-shifting came into being because the school board condemned the old high school as a fire hazard.

We dedicate this yearbook to Enoch Larson, a town businessman who has pulled for a new school and is a staunch supporter of all school activities.

This Is a Year of Changes

Leavenworth High School students began the year by attending classes from 7 a.m. until 12:30 p.m. because the old high school was closed as unsafe. Grades and junior high went from 12:35 until 5:30 p.m.

September was the hottest on record.

The Andrew Fischers of Aberdeen, S. Dakota became the parents of quintuplets on September 14, 1963—the first ones to live in the United States.

President John Kennedy was assassinated November 22, 1963 at Dallas, Texas. Vice-president Lyndon Johnson was sworn in as president 90 minutes later by a woman justice, Sara Hughes.

Voters of the Leavenworth School District approved the Rinke site on December 10, 1963 and a week later voted in funds to build a new high school on this site.

The old high school building was pulled over on February 12, 1964....Fire was set to it and later the ground leveled for additional playground.

A singing group from London, England known as the Beatles made their debut in the U.S. on February 9. Long hair cuts which came almost into their eyes were their trade marks...the girls "screamed" over them.

Sandy West looks at the clock as the tardy bell is about to ring at 7 a.m.

Students in one of the classes listen to the news of the President Kennedy's assassination on a transistor radio.
Administration Is Concerned About Each Student’s Need

Whether viewing the work on the bus garage or studying a contract, Principal Carlton "Cot" Rice and Superintendent Ralph Richards work together to form a team that gets things done.

This is Mr. Rice’s first year at Leavenworth. He earned his BA degree at the University of Washington.

Mr. Richards received his MA at the University of Washington also.

These men are ready and willing to discuss any student’s problem confidentially.

COT RICE and RALPH RICHARDS look over bus garage construction.

Principal Cot Rice and Superintendent Ralph Richards meet weekly to discuss school problems. In this way, double shifting has run smoothly.
Secretaries

Office secretaries, P.T.A. and School Board all work for a good school system.

The School Board has worked hard to get a new high school building to replace the one that was closed because it was a fire trap.

Funds were voted in and a site selected to give them the "go ahead."

Student Council Guides LHS

Student Council has the responsibility of governing the varied activities of the student body. The Council meets every other Tuesday during the Snackbreak because there is no "noon" hour.

Representatives from each club and each class make up the council and is presided over by the Associated Student Body President Jim Steele. All school functions must be Ok'd by it.
Double-Shifting Begins at LHS

Beginning classes at 7 a.m. was a new experience for LHS students. How difficult it was to get up at 5 a.m. to catch the school bus so early in the morning!

Because the old high school building was locked up as it was a fire trap, double-shifting was necessary. The Junior High Building, the Osborn Auditorium, and Bus garage were used for classrooms.

The Osborn Auditorium had been made into four classrooms with only partial partitions—Home Economics, Commercial Study Hall and Library.

On the first day of school, high school students carried books, supplies, etc, from the old building into their various rooms.

After the initial excitement and confusion, school settled down to a smooth routine.

MRS. VIRGINIA WILLIAMS, Home Economics teacher, and some of her students. She received her MS degree from the Colorado State College. She also teaches Family Relations and General Business. Students are working in Home Economics under a handicap because of the temporary make-shift kitchen.
Science Is Important in This Atomic Age

Human anatomy is stressed by Gary Turner in his Biology class. Dissecting small animals and studying plant life is included in this course.

GARY TURNER is a graduate of Whitworth College, BA. He teaches Biology, General Math., P.E., and coaches football and track.

Walt Rembold, science teacher, shows Duwane Huffaker and Dan Trowbridge how the Radiosonde works.

ROY SCHMIDT demonstrates to Jay Dee Houston the fundamentals of mechanical drawing. Mr. Schmidt is a graduate of University of Idaho, BS. He teaches Industrial Arts, and is Basketball coach.

High School Adopts New Report Cards

MISS FLORENCE SCHNACKEL headed the committee that selected a new type of report card which does not have to be returned to school. Each quarter, students get a carbon copy of their grades.

Miss Schnackel received her BA from the University of Omaha. She teaches U.S. History, Government, and is Librarian.

Building Is Locked

Moving day was the first day of school when students, teachers, janitors moved books, supplies, tables, etc. to the Osborn and Junior High Buildings because the old high school was to be locked. Later, it will be torn down.

Custodians had to spend many extra hours getting everything ready for this double-shift set-up. To say the least, it was very hectic for them.

Workmen making repairs to the asphalt in front of school.
Garage Is First Step in Building Program

Construction of the new bus garage by Contractor Bev Spears began about October 1, 1963. This will house the school busses and the Shop classes until a new high school can be built.

Shop classes moved into one section of this building during the Christmas holidays.

Freshmen Learn to Adjust
to High School Way of Life

Thirty-four of the freshmen who entered high school this year have attended Leavenworth Schools all eight years. There are 56 freshmen enrolled.

Because of double-shifting, many activities had to be eliminated including the initiation.

These beginning students have to make many adjustments in regard to school life, activities, and study. But soon the year is over and they are one year closer to their goal—a high school diploma.

Seniors Vie for Highest Honors

Christina Bickel and Pat Chase maintain a four-year grade point average of 3.98; therefore they will share the title of Co-valedictorian.

Tim Seaman was close behind with 3.8 and is the salutatorian.

Graduation exercises were June 2, 1964. The class did not have an outside speaker but put on their own program.

Seniors Awarded

Special Honors

Top Honors are given each year to those seniors who best fulfill the requirements for the various categories.

The ten points on which the Ideal Senior is chosen are: Trustworthiness, sportsmanship, self-reliance, dependability, cooperation, self-control, scholarship, obedience, courtesy, and loyalty.

Linnea Moore, Steve Carlson, Neva Bonville maintain four years of perfect attendance.
