Lecapi 1965
Leavenworth High School
Leavenworth, Washington
Volume 34
Foreword

As we build our new high school, we also build and develop our lives for the road we must travel.

While traveling down this path of life, the lights of our school will begin to grow dim. Gone will be the routine of school life, the friends we made, and the fun we had.

We, the 1965 Lecapi staff, hope that as you look through the pages of this book, the light of our school life will be recaptured again.

Dedication

We, the class of 1965, wish to dedicate this year's Lecapi to Richard Weir, teacher and friend.

Mr. Weir taught at LHS from 1956-1964, teaching English II and 12, and French I and II.

He earned his BA degree at the University of Puget Sound and his MA at the University of Washington. He began his teaching career in 1926 at Glenrock, Wyoming. Illness forced him to retire in October, 1964.

We wish to thank Mr. Weir for his inspiration to us. We will always remember his good-natured smile, his "corny" jokes, and his willingness to help each student.

This Is the Year That:

Leavenworth's Junior Vesta Women's President, Mrs. Darrell Sweat, received $10,000 from James T. Griffin, president of the Sears Roebuck Foundation. The award was earned for improvements the club made in the community of Leavenworth.

Band uniforms, purchased in 1947, were replaced with new ones in April. Mrs. Darrell Sweat, president of the Junior Vesta Women's Club, presents Ken Kanutz, music director, a check for $2,000 to apply on these uniforms. Milton Wagy watches and Darlene Douglas, president of the music cabinet, looks over a sample suit.

The remaining amount of $3,099 needed was raised by Band parents, members, business men, and organizations.

Albert D. Rosellini, Democratic Governor of Washington for 8 years, was replaced by Republican Governor Dan Evans, in the 1964 elections.

Sir Winston Churchill, who led Great Britain for sixty years, died January 24. He was the last of the Big Three of World War II.

Toralf Engan set a new North American distance record with a jump of 324 feet at the National Ski Jumping Tournament in Leavenworth, February 7.

Plans and blue prints for the new high school buildings were completed in March by Don Rothe, architect from Yakima. It was hoped that construction could begin by May 1 and that classes could be held over in the new buildings by November.

Dennis Pendleton, junior and ASB vice-president, looks at the sketches of the new buildings from which he hopes to graduate next year.
Planning for the new high school building has kept the school board on the jump. They have visited many new high schools to see the latest ideas in use.

Blueprints have been checked and rechecked by the board and by the teachers.

Bids for building construction were let out in February and it is planned to have the classroom section ready for school next fall.

Govern Policies

Students

Scheduling classes is one of Principal Rice’s main problems as well as helping plan the new building.

The secretaries keep the office and records in ship shape and help with many other numerous items.

Mrs. Pat Daviduke, high school secretary, is aided by office girls: Mary Walters and Carla Buckingham.

Mrs. Martha Jensen, secretary to the school superintendent, is given assistance by office girls: Jill Woodcock and Frances McKerley.
Student Council is composed of representatives from each class and club. With the help of the shop class, the student council provided a much needed scoreboard for the football field.

Setting the policies for student activities and enacting rules necessary for the good of the school is the duty of the student council.

Communication--the Most Important to Achieve

Mrs. Ruth Darling works with her French II class in pronunciation.
English, foreign language, and the library are essential departments in the field of education. A basic knowledge of English mechanics becomes a very important factor in a student's education and rates as the most important subject to master.

Filing and keeping track of books gives the student librarians practice in running an efficient library.

It is important for a student to know how to use the card catalogue in finding information he seeks for term reports and research papers.

Miss Judy Walton receives a response from Glenda Cheetham while Louis Brender, Gordon Stemm, Jill Woodcock, and Linda Prag listen.
Maryland Dunn, editor; and Sherrie Canaday, assistant editor; dream of this year's Lecapi. How can it be "tops"?

**Deadlines! Can They Be Met!**

Terry Gall, Fred Whaley, Eunice Thomas, Carlene Southwick, and Hazel Buckingham work on the Voice.

Susan Clark, Jackie Lemmon, Pat Hatmaker, and Paula Long begin work on the Lecapi.
Journalism

Leavenworth High School students and parents are kept up-to-date by the Voice and Lecapi. The Voice is the school paper and the Lecapi is the yearbook. Both are products of the Journalism class.

For many years a high rating has been achieved and maintained by both the Voice and the Lecapi. The class strived to keep the high standards of those who had passed before them.

Journalism requires, not only work in class, but also hours of outside time spent in stenciling the pages, and running it off on the old "hand crank" mimeo.

Arranging the layouts for the Lecapi, cropping pictures and writing copy all require lots of patience and perseverance.

Keith Vincent and Jill Woodcock read an amusing article in the Voice--fresh off the press.

Tony McGinnis, Laura Jones, and Glenda Cheetham "crank out" the paper.

Glenda Vandell, Loraine Saunders, and Linda Prag.
Social studies department which includes psychology, economics, history, and government makes the students aware of world problems, acquaints them with the U. S. government, its party systems, and voting procedures.

Students voted in a mock national election and compared their results with those of November 3.

Lorraine Cheer, Laura Jones, and Barry Sanger survey stock prices for economics class.

MR. CLARENCE FOSTER received his education at Central Washington College where he received a Master of Arts in education. He teaches Psychology, English 9, 10, and 11, and coaches basketball. Carla Buckingham, Lorraine Saunders, Susan Clark, and Kathy Hatmaker in Psychology class.
Gene Palmquist and Linda Christianson study the globe in Mr. McRae's World History class. Mr. RON MCRAE graduated with a BA degree from the University of Washington. He teaches U.S. History, World History, English 9, and Economics.

**Social Study Classes Follow Elections**

MISS FLORENCE SCHNACKEL explains the election ballot to three students in Government Class: Connie Henderson, Barbara Lepre, and Paul Cloke. Miss Schnackel received her BA degree from the University of Omaha. She teaches government, U.S. history, and is librarian.
Dan Carpenter, Larry Darlington, John Scamahorn work with a spectroscope in physics class.

Leavenworth offers four years of math, one year each of chemistry and physics.

These courses enable students to prepare themselves to enter a world in which math and science are becoming more important.

Darlene Douglas, Jill Woodcock, Paul Cloke work with an atom model.

MR. GARY TURNER is a graduate of Whitworth College with a Bachelor of Arts degree. He teaches biology, boys' 9th and 10th physical education, and is football and track coach.

Mary Baird, Mickey McDevitt watch as instructor Gary Turner dissects a cat.
MR. WALTER REMBOLD, a graduate of the University of Washington has a Bachelor of Science degree in education. He teaches chemistry, physics, advanced algebra, and math.

Dan Trowbridge, instructor Walt Rembold, and Eunice Thomas work with the new Minivac machine in senior math class.

Math and Science Are Essential for the Space Age

Spaghetti-like plugs and connections on a control panel feed impulses through the computer. The Minevac is a smaller version of the Univac and helps the students to understand a little of the scientific process which feeds on math.

Frances McKerlie explains an algebra problem to Bruce Darling and Sarah Horey.
Music Department Adds Chorus

MR. KENNETH KNAUTZ is director of the music department. He received his BA degree from Seattle Pacific College. He teaches band, chorus, and elementary school music.

For the first time in many years, Leavenworth High School has a chorus.

The band plays for some football and basketball games and pep assemblies. They also march in the Manson and Wenatchee Apple Blossom Festivals.

Typical chorus practice which meets after school each day.

In December, a Christmas concert was presented with the junior and senior high school bands, chorus, and girls' ensemble participating.

The music department is working towards new band uniforms. The old uniforms were purchased in 1946 and are about thread-bare.

A Dream Comes True

There has been a note of expectancy in the air since December 10, 1963 when the voters in the Leavenworth District selected the Rinke site for a new high school building.

On December 17, 1963 a 40 mill levy and bond issue was passed to help finance the project.

During the summer of 1964, the underground drainage system was put in at the site.

Architects Walter and Donn Rothe designed the buildings and the blue prints were let out for bids the first of April with construction to begin by May 1965.

The campus is to consist of six buildings, covered walkways, outside entrances, football field, track and tennis courts. Total cost to be around $600,000.

Colorful Canyon Panorama Inspires First September

"Portraits of the Gay Nineties," a musical presentation, was featured during the festival activities. Local people were given a chance to display their talent in this rollicking show. Also a hootenanny presented by performers from the Wenatchee valley took top billing during the weekend.
Capitalizing on the array of color and scenery around Leavenworth was the inspiration for the first Washington State Autumn Leaf Festival, September 19-27.

Many activities awaited the visitors such as a flower exhibit, musical, carnival, barbecue, tours of the area, arts and craft show, etc.

Highlighting the festivities was the presentation of the national award of $10,000 won by the Vesta Junior Women for "Community Improvement."

President Johnson also sent a letter commending the club on winning this national contest.

The coronation at the ski course sponsored by the Junior Chamber was highlighted with flaming torches lining the route to the ski hill. Queen Paula reigned from her throne molded of snow.

Toralf Engan, world champion ski jumper from Trondheim, Norway, won the "A" class competition with his near perfect jumps and set a new North American distance record of 324 feet.

John Horey, senior from Leavenworth High School, broke the "C" hill record with a jump of 160 feet taking top honors in the Junior Expert Class.

Around 6000 people watched the spectacular jumps with top jumpers from Japan, Norway and the United States competing.

Students Pick Three

Three ski royalty candidates were selected by the Leavenworth High School students. The girls were invited to a luncheon with the Junior Chamber of Commerce.

Here they were judged on their speaking ability, poise, and over-all personality.

Bouquets of carnations were presented to each girl.

There was no specific theme but the float depicted the area around Leavenworth with snow capped mountains, wild flowers, small chalets, and a golf course. The attendants were dressed in Swiss costumes.

School Life

Life has been different at school the last two years with double-shifting. There are good points in each type of schedule.

At the present, some students have to arise at 4 a.m. to make it to school before 7 a.m. Some live as far as 25 miles from school and must ride a long ways to school on the bus.

However, since school is dismissed at 12:30, there is a long afternoon to ski, play ball, work, or study.

It is hoped that the new building will be ready some time next school year when everything will get on an even keel again.

Extracurricular activities have been the hardest hit. There isn’t time during the school day to work them in.

Assemblies Spice Up School Life

High school programs had to be curtailed because of the double shift program as there was no place for assembling except the gym. Chairs had to be set up and taken down when a program was presented.

Honor Society installation and student body election speeches were given at assemblies.

Principal Rice gives Dan Trowbridge a letter of Commendation for the high score he received in the National Merit Test.

John Hicks, Yank, won the president race; and Eunice Thomas, Rebel, electioneers to win—but lost.
Clubs

Camera Club has kept active during the double shift program. The boys learn how to take pictures and take the athletic shots for the yearbook. Many of the clubs are inactive until regular routine is again followed. Most activities have been curtailed.

CAMERA CLUB MEMBERS: John Elser, Tim Easterly, Mickey McDevitt, Charles Ferrel, Mike McMahon, Gordon Stemm.

Scholars Find Recognition in Honor Society

Freshmen--a Year of Firsts and New Experiences

Forty-five freshmen began school at Leavenworth High. The tardy bell rang at 7 a.m. and some students traveled as far as 25 miles on the school bus before classes began.

Since students are in school from 7 a.m. until 12:30 p.m. with only a five minute snack break at 10:30, it is a high pressured school day. Most freshman activities were cut off.

CLASS MOTTO:
The higher we climb the broader the view.

CLASS FLOWER: Red Rose

CLASS COLORS: Red & White

SENIOR CLASS OFFICERS:

If you think you are beaten, you are;
If you think you dare not, you don't.
If you'd like to win, but think you can't,
It's almost a cinch you won't.
If you think you'll lose, you're lost,
For out in the world we find
Success begins with a fellow's will;
It's all in the state of mind.

If you think you're outclassed, you are;
You've got to think high to rise.
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins
Is the one who thinks he can.

Wisdom to Get Money; Hearts to Spend It

Selling Grizzly banners was one of the many money-making projects of the senior class.

The amount cleared from this project along with the profit received from game concessions, and the car wash helped to finance the senior class trip.
