Iranians seize Soviet ship

MANAMA, Bahrain (AP) — Ira- nian gunboats intercepted two Sov iet freighters in as many days in the Persian Gulf and escorted one at gunpoint to an Iranian port where its cargo was unloaded today, ship- ping executives reported.

The second freighter, identified as the Tutov, was intercepted this morning, examined by the Iranians and then allowed to continue its journey, said the guild-based exec u tives, who spoke on condition of anonymity.

The executives said the first ship was the 13,900-ton Pyotr Yemnov, which was heading from a Black Sea port to Koweit when it was inter- rupted Tuesday off the United Arab Emirates.

It was chas ed by an Iranian war- ship that ordered it to stop and threatened to open fire, the exec u tives said.

They said Iranian commandos then boarded the vessel and forced it to travel to the Iranian port of Bushehr, 128 miles east of the United Arab Emir ates, where it was unloaded.

Iran has intercepted numerous vessels in the Persian Gulf on suspi- cion of carrying arms to its enemy, Iraq. In January, the Iranians inter- cepted and boarded the American-owned freighter President Taylor. In Moscow, Soviet Foreign Minis ter's spokesman Genady I. Gerashchenko confirmed today that a Soviet freighter was detained off the United Arab Emirates.

The freighter apparently carried ce- ment, but that he had no other de- tails.

He spoke before word came of a second freighter being detained.

There was no immediate com- ment from Iran.

The Pyotr Yemnov first put out a mayday signal that it had been hit by a missile at 25.40 degrees latitude north and 55.40 degrees longitude east, but later "cor- rected" the signal, reporting that it was boarded by Iranian marines, the shipping executive said.

Iran and Iraq have targeted each other's marine interests in their 6-year-old war. The detention of the Pyotr Yemnov and the Tutov was the first such incident involving Soviet ships since Iran began in- vading some ceramic vessels for Iraq-bound goods, the executives said.

Relations between Moscow and Tehran have been strained since Islamic fundamentalists seized power in Iran in 1979, but the two countries in recent months have attempted to improve their relations. The Soviet Union is a major arms supplier to Iran.

In Tokyo, the Japanese Shipowners Labor Relations Agency said today Japanese tankers in the gulf received an emergency call Thursday from the Pyotr Yemnov and identified it as a Soviet-origin vessel because of its call signs "USGE*141." An agency official, speaking on condition of anonymity, declined to identify the Japanese ships for re- mark reasons.

He quoted the message monitors by the tankers as saying: "Pilot (Continued on Page 3, Col. 2.)

Sgt. Millard honored at Nespelem funeral

McGillis was found on a hillside near the house several hours later with what police say they think was a self-inflicted gunshot wound to the chest. McGillis is at Sacred Heart Medical Center in Spokane and was flown to a hospital there.

McGillis joined the Okanogan County Posse in 1976, serve d briefly in the Marine Corps, joined the Calif ornia Highway Patrol in 1978, and retired from the Cali fornia Highway Patrol in 1988. He died of natural causes.

"In December of 1989," Smi nsk said, "I had the distinct honor and privilege of being able to honor Sgt. Millard at his memorial service."

"I don't think there's much more I can say," Smi nsk said. "It's just an honor and privilege to be able to honor Sgt. Millard in that manner."

"Yearbooks are always exciting. As you turn the pages, memories bring back crazy and wild times you had in a class, during lunch, at a game, or at a dance. As the years pass and you look through your yearbook, remember that your school cared. Our purpose was to provide you with the 'Best' education possible. During the process, we tried to teach you responsibility and how to make decisions. We challenged and encouraged you 'To Be The Best You Can Be.' You make it happen and are in control of your life. Remember - 'THE BEST IS YET TO COME.'"

MR. HOWARD COOK
VICE PRINCIPAL

"It has been a very exciting year! We are very fortunate to live and attend school here in the upper valley. In my travels around the state, talking with other administrators, I hear again and again about troubles that exist in other communities and in other schools. Talking with students from other schools again reveals how really lucky we are to be here. It is the people in a community or the students and faculty that make up a school and create the attitudes and atmosphere that exists there. I believe we have the necessary ingredients at Cascade High School to be one of the best in the state. I appreciate the opportunity to be a part of all that is happening at Cascade High School."

The Cascade Student Council has set high goals this year. The ASB officers have worked very hard trying to get ideas to bring a noncompetitive atmosphere between Cascade and Cashmere. One example was the dating game which involved students from both schools. It was a great success! They hope to keep it a tradition in years to come. The student council is doing the best they can to make Cascade High School the best it can be. They would love your help.

Leadership Club

Leadership Club is made up of people who have applied and have gone to Leadership Camp. That is the activity that started our year out. It was held at Tall Timber Ranch for three days during August. Our main focus at camp was to help revise the Cascade A.S.B. Constitution. During the year, in addition to monthly meetings, we have gone Christmas caroling, sponsored the Harlem Crowns, had a springtime swimming party and had a great time!

Raising Spirits at CHS

The 1986-87 cheerleaders spent countless hours cheering and raising the spirits for the Kodiak's football, wrestling, and basketball teams.

The girls spent many hours practicing cheers, preparing for pep assemblies, decorating lockers, making posters, doing dance routines and countless other activities.

In addition, the football cheerleaders had to sell pep bus tickets and make the big sign for the players to run through.

Winter sports were even more hectic with practice three times a week, both morning and after school, games twice a week, and meetings. Sometimes it was hard to keep enthusiastic. But, with the dedication and hard work of these girls, they did a great job in keeping spirits up.

Football — It’s Fantastic

Football for Cascade is improving. This year’s Kodiaks turned around last year’s disappointing record of 1-8 to success bound 4-5. Next year’s team is looking to improve that record even more.

Five dedicated coaches took on the 1986 season with nothing but success in mind. Head Coach Jack McMillan and his four assistant coaches were a key reason for the success of the Kodiaks. Frank Mataya, John Bangsund, Glenn Johnson, and Greg Austin helped direct the Kodiak attack.

Another key to the success of the Kodiaks was the dedication of many players during the off-season. These athletes spent the summer in the weight room and conditioned after lifting weights. Their long, hard working hours paid off on the football field.

Seasoned veterans, a few talented transfers, and determined rookies combined together to form the team that would surprise the Caribou Trail League. By the time the season ended, Cascade football had the respect of the rest of the league. The Kodiaks had come to play football and win.

As the season ended the Kodiaks boasted enough individual talent to place 8 players on the CTL All Opponent Teams. Jim Colvin (RB), Cory Heins (RB), Paul Vincent (K), and Ken Barnes (OT) made the offensive team. On the defensive of the players are Shane Almeida (OLB), Elia Alailima-Daley (FS), Cory Heins (MLB), and Joel Corey (DT). Elia also made the Sportswriters All State Team.

The 1986-87 Basketball season was one in which, from the outside, appears to have been one of great length, and disappointment. However, a deeper analysis of the season will allow us to see that there were many positive things that came out of it, and this insight is due primarily to the young men who were involved with the season in practice. A great amount of experience was gained for our younger players as we had four starters returning off a team that featured four seniors. Our biggest disappointment is the fact that we have to say good-bye to those four seniors. With a good nucleus of players returning, the future of Cascade Basketball is beginning to look brighter. We still have a ways to go, but with the right amount of effort and dedication, we can expect to see some quality and exciting basketball in 1987-88. With this in mind, we would like to recognize our four seniors who will now move on toward the accomplishment of their goals, and to the realization of their dreams: Cory Heins, Joe Harris, Joe Dunn, and Blaine Bargmann.

The season began in Leavenworth and ended in the Tacoma Dome. Along the way non-league victories included Wapato, Kittitas, Highland and Naches. After that came the Caribou Trail League championship and a first place in District.

The trip to the State Tournament proved successful as well. After losing the first game, the girls won the next three games to bring home a fifth place trophy.

The dedication, hard work and determination helped them achieve their goals.

Dome Fever '87

5th in State
The Junior Varsity team was very small this year, having only five true J.V. players. With the help of a new coach and players off of Varsity and C Squad, the team continued the winning tradition that they have had in the past. Ending the 1986-87 season with a 19 and 1 record, they showed great dedication and desire.

The "C" Squad finished another great season. With a lot of talent, the girls show potential for the years to come. The season had some close games with a few tough loses. They ended their season with a 9-5 record. Keying on their defensive strength, their season was a success.

The Junior Varsity proved to be a very dominating team in the Caribou Trail League. With a record of 13-3 they look to be a very promising asset for the years to come. Coach Stewart, a very helpful coach, showed the girls what their talents were and how they could make the team more successful.

KODIAK GOLF (Number one in the Caribou) 1987

This year golf has turned out to be a pleasant surprise. We saw the return of a needed senior, the emergence of two new top five golfers, and some excellent golf by the new freshmen.

Leading the top five are seniors James Turner and Cory Heins, sophomores Kevin Rieke and Jason Fonville, and freshman Nik Stroup. The desire to win propelled the team to a 17-4 season with losses only to double and triple A schools. Freshman Kevin Hansen and Junior Rob Stroup have led a strong JV team to an 8-2 season.

The Kodiak Golf team has always believed they are unbeatable on any course and has for the past 12 of 14 years been Caribou Trail champions. The 1987 team has been no exception, proving they can play with the best any school can muster.

With the talented golfers of Cascade High improving each day, the 1988 year looks to be another great year for Kodiak Golf.

— Coach Don Douglass

The Tennis Set

"After shoveling snow off the courts, Cascade’s first year in CTL tennis proved better than expected. Although a few players had some experience, Coach Jim Furman had mostly all rookies on the team. With hard work and practice the team improved each week. Stephanie Morton, Jennifer Mullins, and Todd Anderson provided some of the experience. The program is off to a good start and will definitely improve in the future."

The 1986-87 Yearbook/Photography class worked very hard on producing this year's annual. Out of the 14 members of the class, only 2 had previous experience, so it took a lot of hard work and patience on everyone's part. We chose the "Newspaper" theme and used many methods to carry that theme throughout the book.

Special thanks to Mr. Brunelle, our advisor, for being there to help us and give us ideas, Terry Loss and the Leavenworth Echo for helping us with pictures, and to Paul Salzman our Sales/Advertising Editor who kept our books and was in charge of our extensive advertising campaign.

What Lies Within Us

The class of 1987 has been through some rough times over the four years at Cascade. They say that “blood is thicker than water.” So is mud and that’s exactly what we had to go to school in our freshman year. Instead of buying new tennis shoes for school, parents invested their money in a good pair of hip waders. To top it all off, we had to go to school in domes and in the old gym. The domes’ roofs leaked and fell apart when it rained, and you couldn’t hear anything in the gym with Mr. Stroup at the other end yelling. Finally, in 1985 we moved into the new school, only to find out that the roof leaked. The heater only worked when it was hot outside and the air conditioner still doesn’t work. Through it all, our class has stuck together through thick and thin. Our class is more than a class. IT’S A FAMILY!

“To Those I Love”

If I should ever leave you
whom I love
To go along the Silent Way,
grieve not.
Nor speak of me with tears,
but laugh and talk
Of me as if I were
beside you there.
(I’d come — I’d come,
could I but find a way!
But would not tears and grief
be barriers?)
And when you hear a song
or see a bird
I loved, please do not let
the thought of me
Be sad . . . For I am

loving you just as
I always have . . .
You were so good to me!
There are so many things
I wanted still
To do—so many things
to say to you . . .
Remember that I
did not fear . . . It was
Just leaving you
that was hard to face . . .
We cannot see Beyond . . .
But this I know:
I loved you so’twas heaven
here with you!
