Top moments you won't forget

"Competition breeds excellence" as some would say. Anyone would agree the competition between the classes this year was nothing but heated.

3, 2, 1, DECORATE! The fight against time to turn your hallway into a star wars oasis. Only two ladders and very tall ceilings! But hey, we made it work. Congrats Juniors!

BEEEP! Sophomores and juniors, against seniors and freshmen battling it out in a fun game of dodgeball in the old gym. The win went to the seniors.

The more people the better, when you're trying to drag the opposing class through the mud! Tug-o-war at lunch was a fun way to kick off our homecoming week. Congrats Juniors!
And the big win goes to the seniors

Cakes, Run-through signs, Cheers, and Skits... Who came out on top?

Cheer-Sr.

Come on boys! The juniors and seniors battled head to head for the power puff title! The juniors sure put up a fight, but the seniors ended up pulling through 25-21 in the third game! Congrats Seniors!

Lean like a cholo! To end our homecoming week perfectly, we danced the night away in a galaxy far far away.

70 to 7, our boys killed Lake Roosevelt on Friday night! Way to go kodiaks! During half time we all got to enjoy our royalty’s speeches and a great fireworks show!

Warcraft vs. Halo

- Warcraft is more community based, unlike Halo where you play a single game over and over. Over the three years I've played, I've only seen a fourth of all the content in Warcraft.
  - Stephen Pool

- Computer games give you carpal tunnel and console games only give you eye strain.
  - Cory Dingman

- PC over everything else because of the unlimited possibilities of game play.
  - Skyler Roehrick

- It depends on what you want to play. Halo etc. are first person games, when Warcraft is more strategy.
  - Zach Tower

- I don't wanna deal with a mouse, and console games have better graphics.
  - Garrett Brooks, Mitch Kraus, Ricardo Ladezma

- Video games you can actually turn off, and they won't consume your soul.
  - Dave Rayfield

I'm a girl and I'll still pwn you!
  - Missy Allen (12)

I know it's boring, but it's my life...
  - Hunter Paul (12)

It's not a hobby, it's a lifestyle.

A Helping Hand

Based in a small school room at the Leavenworth Fish Hatchery, the Discovery students are always willing to lend a helping hand.

Yearly they volunteer at the Salmon Festival, a community event that brings tourists from all across the world. This year each student spent their weekend volunteering at booths and events to help out the community. Also, the Discovery students help the Hatchery with any other event or festival that they are needed in.

Empty your mind, be formless. Shapeless, like water. If you put water into a cup, it becomes the cup. You put water into a bottle and it becomes the bottle. You put it in a teapot it becomes the teapot. Now, water can flow or it can crash. Same goes for us. If you put us on a field, we become the field. You put us on the ball, we become the ball. We can flow or we can crash. Be water my friend.

"This group of Kodiaks did a great job on and off the field. They raised the bar for future teams to come. The seniors set a great example of what being a Kodiak, and, most importantly, what a citizen should be. Our future looks bright, and opponents should watch out, because they're about -To get hit by a Kodiak!"

Playing football has been one of the greatest decisions I have ever made. It is more than just a sport. Kodiak football is a family, and I am proud to be a part of it. Nothing will ever compare to going out under the lights Friday nights and going to battle with my brothers. Thanks for all the great memories. "Oh man! I got gum on my pants."

Seize the Day
Seize the day, don't wait until tomorrow. Live without regrets, never look back on your life and think "If only I pushed a little harder..." Live every moment like it was your last, which, in football, is very possible. Open the gates and seize the day, don't be afraid and don't delay. Don't run and hide when confronted by a challenge, just smile, and work even harder. Coaches and players, get the job done. One for all, and all for one.

A Word from the Coach

"This year we had another great season. Led by our 5 wonderful seniors Hilary, Jenni, Missy, Becca and Aracely. Our captains were Hilary, Jenni, Missy and Ashley. Out 4 captains set the tone for our program and demonstrated our philosophy “Family, Competition and Winning.” Our 2007 motto was “TEAM me.” Our girls know it’s not about them but about the team. This is why we are successful. I am very proud of all our girls, captains, seniors and the dedications of Brianne, Leah, Jordan and Tori. Each one of the girls committed themselves to the program and equally contributed to the overall success of our season. Thanks for a great season and seniors WE WILL MISS YOU!"
